

PROJECT LOCATION MAP

Project Update:

The City awarded the Construction Contract to Ric-Man Construction, Inc., and CEI Services to Baxter & Woodman, Inc.

City anticipates issuing Notice to Proceed to the Contractor on April 22, 2020.

The Contractor anticipates mobilizing on the project site in early June 2020.

The project is anticipated to be completed in April 2021.

After construction begins call the project hotline with any questions, monitor the project website and social media updates and let us know how we're doing!

Project Impacts to the Public:

Access to Properties: The City's Contractor is required to provide access to your Property or Business throughout the duration of the project. If there are any special circumstances involving work activity that would limit access, the Property Owner will receive advance notice. No total road closures will be allowed.

Access for Essential Services: The Contractor will maintain all School Bus Stops, Mail Deliveries, Solid Waste Pickup, and Access for Emergency Services throughout the duration of the project. The Contractor's Superintendent will immediately reach out to the necessary Police and Fire Rescue, as well as the other above agencies as part of their mobilization activities to begin the project.

Tree Removal & Landscape Removal from City Right-of-Way: It is the City's intent to utilize the full extent of the public right-of-way to accommodate the roadway improvements. Any existing trees, landscaping, fencing, etc. in the public right-of-way in conflict with the proposed improvements will need to be relocated by the homeowner prior to construction or these improvements will be removed by the Contractor during construction. Please remove any items you wish to keep prior to the construction start date.

Restoration: The Contractor is responsible to restore in-kind all areas damaged or disturbed during construction including roadway, driveways, sidewalks and landscaped areas. Final restoration will be completed as the last stage of construction. A high definition preconstruction video has been completed to document the existing conditions along the project site before the Contractor begins work.
